ESU/District/System/School Information Report

Due Date: June 15
Audit Window Close Date: June 30

SCOPE

The ESU/District/System/School Information Report collection is used to collect general information relating to a District/System. Information includes name, address, website, phone and any changes in District/System status, including school closure and grades instructed. As well, the collection is used to collect AQuESTT classification school type(s) and grade ranges, if applicable.

The collection must be completed by all Public Districts, Nonpublic Systems, Special Purpose Schools, Interim Programs and Educational Service Units.

DIRECTIONS

Access

Accessing the ESU/District/System/School Information Report collection requires a Consolidated Data Collection (CDC) activation code – General, All or Approver User Type. If the Consolidated Data Collection (CDC) is needed, obtain an activation code from the District Administrator. For further instructions, view the CDC Instructions document found here: <https://www.education.ne.gov/dataservices/consolidated-data-collection-cdc/>

Below the dropdowns is a button labeled 'Update', which is circled in red.

School Record

If no changes are necessary, simply select the **No Changes to Report** button.

The screenshot shows a light blue form with two buttons. The first button is labeled 'No Changes To Report' and is circled in red. Below it is the text '(If you have no changes to report, click here.)'. The second button is labeled 'CLOSE' and has a small square icon to its left.

Should changes be necessary, edit the information as needed.

Close – Check this box if location (school) is closing.

School Name – Common name of the location (school). Pre-populated with previous year’s submission.

County/District/School Number – Unique identifying number assigned by the NDE. This number cannot be changed.

Mailing Address – Mailing address of location (school). Pre-populated data from previous year’s submission including City, Zip and 4 Digit Zip Extension.

Physical Address – Physical address of location (school). Pre-populated data from previous year’s submission including City, Zip and 4 Digit Zip Extension.

Phone Number – Location (school) phone number. Pre-populated data from previous year’s submission.

Fax Number – Location (school) fax number. Pre-populated data from previous year’s submission.

Type of School – An entity which provides the array of educational opportunities required by law either directly or indirectly. Public and Special Purpose schools will report students in ADVISER and all schools will report staff data in the Staff Reporting System.

Not Applicable: This should be reported if the entity being reported is a program, not a school.

Pre-Kindergarten: An individual attendance center within a school system which provides education for students whose grade level is below Kindergarten.

Elementary: An individual attendance center within a school system which provides education for students whose grade level is in elementary grades. Elementary grades mean those grades designated by the school system as elementary, but not to include any above grade eight.

Middle: An individual attendance center within a school system which provides education for students whose grade level is in middle grades. Middle grades means grades designated by the school system as middle and may include any grades from four through nine.

High: An individual attendance center within a school system which provides education for students whose grade level is in high school grades. High school grades means grades 9 through 12 in a school system organized with a four-year high school and grades 10 through 12 in a school system organized

with a three-year high school. School systems organized with a three-year high school may include the ninth grade in determining compliance with Rule 10/14.

Secondary: An individual attendance center within a school system which provides education for students whose grade level is in secondary grades. Secondary grades means those grades designated by the school system as secondary, but not to include any below grade seven.

Type of Program – Program in this case means a special or limited array of educational opportunities provided. Programs will report only staff data in the Staff Reporting System. Student data will be reported at the school of membership where the student is enrolled in or the school where the student’s assessment results and/or graduation status will be reported. For example: students in an alternative program will be reported by the school the student would be attending if they were not participating in this program.

Not applicable: reporting for an entity that is a school, not a program.

Alternative: a program that addresses the needs of students that typically cannot be met in a regular school program. The program provides nontraditional education; serves as an adjunct to a regular school and includes that special category of program required by law to be provided for expelled students.

Special Education: a program that focuses primarily on serving needs of students with disabilities.

Focus: a program that does not have an attendance area which has a unique curriculum with specific learning goals or teaching techniques different from standard curriculum and/or provides an academic or social focus on a particular program (e.g., science/math, performing arts, gifted/talented, or foreign language).

In the Learning Community it may be a program whose enrollment is designed so that the socioeconomic diversity of the students attending the focus program reflects as nearly as possible the socioeconomic diversity of the student body of the learning community. The program may be the complete education program or part of the education program for participating students.

ESU Program: a program offered through the Educational Service Unit as a cooperative with their “member” districts. The students are reported at their resident district.

Interim: a program located in or operated by county detention homes, institutions and juvenile emergency shelters. Interim program schools are created to ensure continuity of instruction for students who cannot attend public schools for reasons of health or safety while in these temporary residential placements and to insure that such students may receive academic credit from the approved or accredited schools to which they will transfer in order to make continued progress toward grade promotion or graduation.

Nonpublic Systems will select “Not Applicable”.

Interim Programs will select “Interim”.

Educational Service Units will select “ESU Program”.

Grades Instructed At This School – Grade levels instructed at this location (school). Pre-populated data from previous year’s submission. Don’t forget to mark Pre-Kindergarten if the District/System serves pre-kindergarten students in a Pre-K program or in the home.

Prior Year AQuESTT Classification School Type(s) & Grade Ranges – Data from prior reporting year listed. If district wishes to change these categorizations, describe the edits requested in the text box. (Public districts only.)

Virtual Status – Virtual status of the School during a normal school year. Pre-populated as No Virtual Instruction.

Exclusively Virtual: All instruction offered by the school is virtual. This does not exclude students and teachers meeting in person for field trips, school-sponsored social events or assessment purposes. All students receive all instruction virtually.

Primarily Virtual: The school’s major purpose is to provide virtual instruction to students, but some traditional classroom instruction is also provided. Most students receive all instruction virtually.

Supplemental Virtual: Instruction is directed by teachers in a traditional classroom setting; virtual instruction supplements face-to-face instruction by teachers. Students vary in the extent to which their instruction is virtual.

No Virtual Instruction: The school does not offer any virtual instruction. No students receive any virtual instruction.

Click the **Update** button when finished.

Finalize Data

To complete the collection, each school needs to have a green check mark under the Status column.
